***Inc.* Magazine Unveils 36th Annual List of America's Fastest-Growing Private Companies:**

Global Food Solutions Ranks No. 1354 on the 2017 Inc. 5000 with Three-Year Sales Growth of 301%

NEW YORK, August 16, 2017 – *Inc.* magazine today ranked Global Food Solutions No.1354 on its 36th annual Inc. 5000, the most prestigious ranking of the nation's fastest-growing private companies.

"It is an honor to be recognized on the Inc. 500|5000 list with so many of America's innovative and game changing companies," says Michael Levine, Chief Executive Officer of Global Food Solutions. "Just five years ago, we had a dream to create healthy, nutritious, and locally-sourced foods for school kids across America. Today, we ship over 100 million portions annually to kids across the country, and we couldn't be more proud to feed America with a bold vision for sustainability and better learning."

"The Inc. 5000 is the most persuasive evidence I know that the American Dream is still alive," says Inc. President and Editor-In-Chief Eric Schurenberg. "The founders and CEOs of the Inc. 5000 tell us they think determination, risk taking, and vision were the keys to their success, and I believe them."

Global Food Solutions (the "Company") is a food service provider pioneering the development and distribution of affordable, wholesome, and sustainable food products that simply taste amazing. The Company operates in partnership with over twenty production facilities across America and internationally, collectively supporting a growing customer base that includes over 5,000 schools and a variety of hospital, healthcare, academic, and hospitality institutions. The company currently distributes products under eight different brand trademarks. For more information, contact Info@GlobalFoodSolutions.CO / (877) 728-5550 or visit www.GlobalFoodSolutions.CO.
